

EEL

Silicair NPA-3-A-DS1306

Description

The Silicair Dryer is engineered for demanding industrial applications. Designed to deliver air quality, this unit ensures a dew point better than -55°C , making it ideal for moisture-sensitive operations. With a maximum operating pressure of 350 bar and powered pneumatically, it offers reliable performance without the need for an external electrical supply. Housed within a robust galvanized crash frame, the unit is both durable and compact.

Silicair NPA-3-A-DS1306

Key data

Make	Silicair
Model	NPA-3-A-DS1306
Dew point	Better than -55° C
Max. pressure	350 bar
Air quality	BS 4275:1997
Power	Pneumatic
Enclosure	Galvanised crash frame
Dimensions	155 x 105 x 160 cm
Weight	430 kg
