

EEL

18.5kW HPU

Description

Engineered for reliability and performance in demanding marine and offshore environments, the EEL 412 Hydraulic Power Unit delivers 41 LPM of hydraulic flow through a compact and robust design. Housed within a durable galvanised crash frame for added protection and ease of transport, this 18.5kW unit is ideally suited for a wide range of hydraulic applications. With a 200-litre tank capacity and forklift-friendly access points, it's built to integrate seamlessly into your offshore operations

EEL

18.5kW HPU

Key data

Prime mover	18.5kW 380/415v 50Hz or 440v 60Hz
Flow rate	41 LPM
Tank capacity	200 litres
Enclosure	Galvanised crash frame with forklift pockets and lift points
Dimensions	140 x 100 x 190 cm
Weight	600 kg
